

Y AND RANDOLPH.

We give below the words which produced the challenge between John Randolph and Henry Clay, in 1825. They were uttered in secret session, and we do not know how they got into the newspapers.—*Exchange paper.*

"This man—(mankind I crave your pardon)—this worm—(little animals forgive the insult)—was spit out of the womb of meanness—was raised to a higher life than he was born to, for he was raised to the society of blackguards. Some fortune—kind to him—cruel to us—has tossed him to the Secretaryship of State.

"Contentment has the property of descending; but she stops short of him. She would die before she would reach him; he dwells below her fall. I would hate him if I did not despise him. It is not what he is, but where he is, that puts my thoughts in action. That ALPHABET, which writes the name *Thersites*, of blackguard, of squallidity, refuses her letters for him."

Mr. CLIFFORD, of this State, in speaking of removals made by the present Administration, said:—

"I don't complain of the proscription. All I complain of is the hypocrisy which professed to be opposed to proscription before the elections, and practised it to the fullest extent since."

The Whigs say that Democracy is too full of "abstractions" to be practical. It is now found that the Whig party is too full of dis-tractions to get along.—*Louisville Advertiser.*

The claim of the Directors of the Bank of the United States against Nicholas Biddle is now \$249,000.

A THREATENED INDIAN WAR.—We learn from the Burlington Hawkeye that the Winnegobies have been for some time past making extensive preparations to attack the Chippewas on the north, and that the Pottowatomies have obtained the assent of thirty old villages of different tribes on the other side of the Missouri, to engage in a war of extermination against the Sioux. Most of the tribes are well armed and mounted—their plans have been long maturing—their hatred to their foes is deadly and has long been festering—and we should not be surprised to learn, at any moment, that a sanguinary battle has been fought.

RIOT AT CINCINNATI.—The Cincinnati Gazette of Thursday last says: Things continue quiet, and the law is supreme. There is great excitement yet—men are irritable, and easily provoked to the use of hard words. We find it impossible yet to ascertain the truth relating to many of the transactions of the past week. In this state of things we wait further developments.

The Mayor has held 16 of those arrested, to answer, and discharged the residue. Of the negroes we have heard but little to-day—54 have been held under the act of 1817, and from the appearance of things, we suppose they have been mostly discharged. This wonder, we suppose, is now at an end.

DIED.

In this town, 21st, Mr. James Monk, aged about 61 years.

A NATURAL REMEDY.

Suited to our constitution, and competent to the cure of every curable disease, will be found in

Wright's Indian Vegetable PILLS.

Of the North American College of Health.

These extraordinary Pills are composed of Plants which grow spontaneously on our own soil, and are therefore, better adapted to our constitution than medicines concocted from foreign drugs, however well they may be compounded; and as the principle that the human body is in truth

Subject to but one DISEASE,

viz: corrupt humors, and that said medicine cures this disease by cleaning and purifying the body; it will be manifest that if the constitution be not entirely exhausted—a persevering use of these Pills, according to direction, is absolutely certain to drive disease of every name from the body.

THE INDIAN VEGETABLE PILLS.

will be found one of the best, if not the very best medicine in the world for carrying out this

GRAND PURIFYING PRINCIPLE.

because they expel from the body all morbid and corrupt humors (the cause of disease) in an easy and NATURAL MANNER; and while they every day

GIVE EASE AND PLEASURE.

disease of every name is rapidly driven from the body.

The above named INDIAN VEGETABLE PILLS, have been three years before the American public; and we can now say without fear of contradiction, that
